

Thank you for your interest in a custom fitting experience at Fossil Trace Golf Club,

Fossil Trace Golf Club is proud to offer our expertise in custom-fitted golf clubs. We are one of very few public golf facilities that offer custom fittings of woods, irons & hybrids using the latest in fitting systems from Titleist, Cobra, Callaway and Ping. In addition to state-of-the-art fitting systems and experienced Professional Staff, our Vector Launch Monitor technology provides feedback that further ensures that the clubs you play have been properly fitted, thus making a custom fitting experience at Fossil Trace, a truly valuable one.

WHAT TO KNOW BEFORE YOU SCHEDULE A FITTING

If you're considering a custom fitting experience at Fossil Trace, we strongly encourage you to prepare yourself beforehand, i.e. playing, practicing, etc. Please remember, we are fitting clubs to your current swing, not the swing you hope to have. We strongly encourage you to arrive at least 15 minutes early to warm up for your fitting. Please bring your current set of clubs to warm up with and be evaluated by a fitter.

A TRULY VALUABLE FITTING EXPERIENCE

If you make a custom club purchase of over **\$249**;
Receive four (4) complimentary large buckets. (*\$32 value*)

If you make a custom club purchase of over **\$500**;
Receive a complimentary green fee w/ cart AND four (4) complimentary large buckets. (*\$110 value*)

Fossil Trace prices are at or below local golf retailers/discounters and all custom clubfitting at Fossil Trace Golf Club takes place on the practice range.

YOUR FITTING EXPERIENCE

Custom fittings are complimentary; however a Fossil Trace fitting is available by appointment only. It is recommended that you call and setup a fitting at least 24 hours in advance. Fittings can last between 1 to 2 hours, dependent on the number of clubs.
